A STORY OF REVIVAL FOUND IN NEHEMIAH

One hundred years after the return from captivity, the Jews had become spiritually numb. The exile had cured them of idolatry but they had lost their zeal to restore God's Kingdom. As we study this wonderful Old Testament book this morning we will study to see how we can rekindle the fire of growth once again within our church.

Nehemiah speaks to us today:

For Israel: the result of exile
For the Church: the result of apostasy
For the individual: the result of sin
